Une Icône du 7^e art illuminera cette cérémonie

It is a great pleasure for us to have Ms Catherine Deneuve as this year's Jury President.

"This ceremony highlights the significance of French and international creations.

Actors, performers, authors are going to be rewarded.

As the President of the 2017 Jury, I'm happy to take part in this prestigious event and let the best ones win!!!"

Catherine Deneuve

Always on the cutting edge of trends and diversity, this major event is now **broadening its scope internationally** by creating **2 new categories: foreign motion picture and foreign television series.**

The Jury, made up of **23 arts and culture journalists**, put together a list of **5 nominees** for each of the **14 award categories.**

Each category is subjected to almost **15,000 journalists' votes**, referenced by *l'Argus de la Presse* through our official website.

A unique concept: the only ceremony to give awards to all of the following categories: motion picture, music, performing arts, theater, literature, and television.
