Art & Culture

11th GLOBES DE CRISTAL CEREMONY 30 JANUARY 2017

Les Globes de Cristal are very pleased and honoured to be a partner to the association CéKeDuBonheur and to contribute to its efforts throughout year 2017

“... The Globes de Cristal Ceremony on 30 January, an exceptional evening celebrating the arts and culture, will also be the opportunity to tell H el ene Sy, the Association’s Chair, how much her words and actions have touched and changed lives!”

H el ene SY, Chairperson

“... Because we know that hospital services very often lack the resources needed to set projects in motion.

Because sharing, communicating, engaging in play and experimenting are crucial and necessary for a child to grow and blossom.

Because being in a warm and welcoming environment paves the way for the moments of relaxation and sharing needed by those faced with the ordeal of hospitalisation.

For 12 years now, C ekedubonheur has been mobilising daily through a wide range of activities: putting together memorable events with the opportunity to meet prominent figures, planning outings, setting up fun workshops, funding service projects, helping plan office use, etc.

Our goal is, thanks to donations received, partners, sponsors and a myriad of prominent figures from the worlds of sport and entertainment, fulfil every request we receive from the 82 hospitals found across France and, in so doing, make the lives of children and adolescents in hospitals just that much better.

It is by working together that we will be able to develop and continue to lend our support to them and their families.”
